[Pre-Registration Appointment Directions:](#)

- Go to envp.clickbook.net to schedule an appointment.
- Use the calendar to the right when making your pre-registration appointment.
- You must schedule your appointment within the appropriate **color block** based on classification. If you are not a U4 but meet one of the early pre-registration requirements, I will see you in the red block.
- The classifications not in the color blocks are when each of those classifications will be pre-registering. I want to see you **BEFORE** your scheduled pre-registration time.
- 1st semester students will have holds on their records until they meet with me for a pre-registration appointment during their color block.
